

City Green

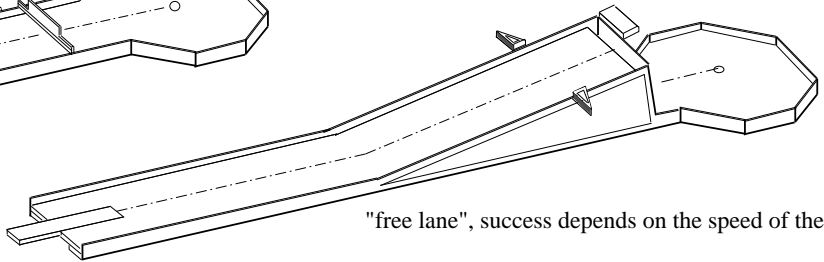

with 2 courses, only 36 m2 you can realize

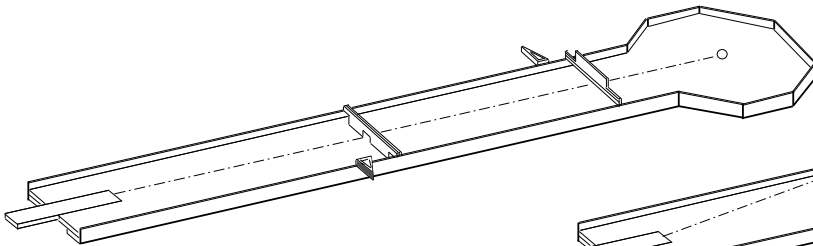

- different playing-ideas for beginners and "experts"
- variable levels of difficulty ideal for fun of the whole family
- simulation of a competition on 9 greens using both courses

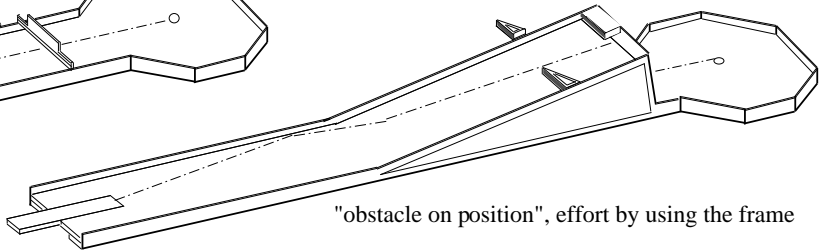

"free lane", as warm-up

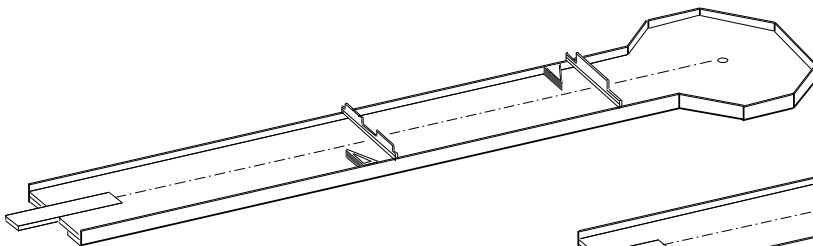

"free lane", success depends on the speed of the ball

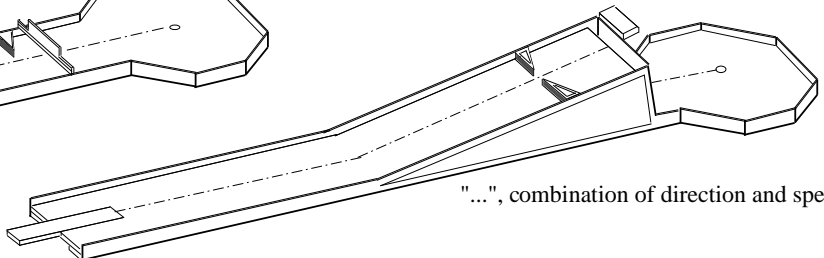

"gate on position", demands precision

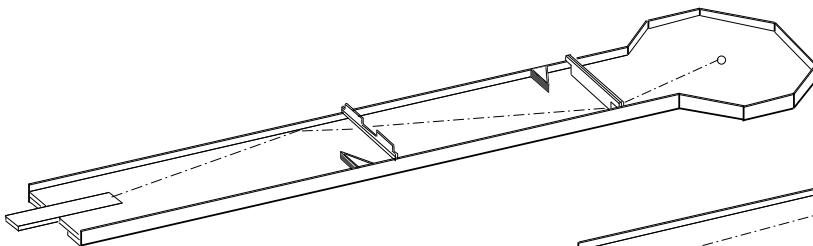

"obstacle on position", effort by using the frame

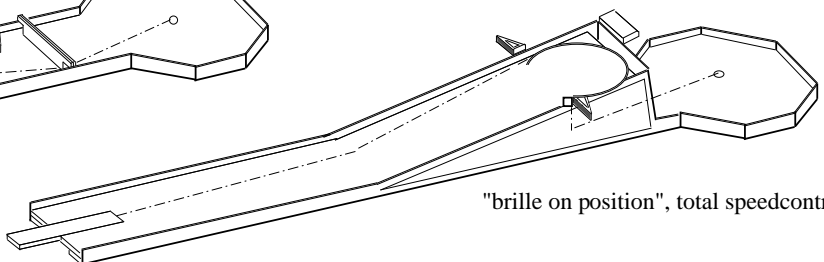

straight shot needs courage, using the frame as safety

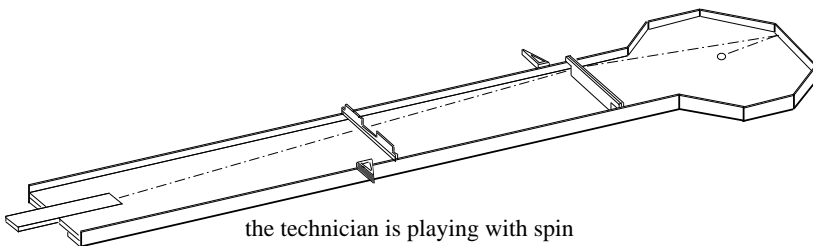

"...", combination of direction and speed

no success without using the frame

"brille on position", total speedcontrol

the technician is playing with spin

have fun
with City Green!
